CardioVascular Research Foundation

CARDIOVASCULAR SUMMIT – TCTAP is sponsored by CardioVascular Research Foundation (CVRF)

The CardioVascular Research Foundation (CVRF) is a non-profit clinical research foundation that seeks to contribute in improving the lives of patients with cardiovascular disease by promoting preclinical and clinical researches, educating physicians and teaching patients.

Since its establishment in 2002, CVRF has been designing and implementing a large number of outstanding clinical researches, educational meetings and clinical training sessions to help conquer cardiovascular disease affiliated with Asan Medical Center in Seoul, Korea.

The CVRF will continue to develop innovative technologies and educate professionals and the public related to the cardiovascular field through its vast experience and knowledge obtained by ongoing research activities, scientific conferences, educative websites and various training programs to improve the survival and quality of life for people with cardiovascular disease.

“For the Better Human Life”

GENERAL INFORMATION

CARDIOVASCULAR SUMMIT – TCTAP 2019

WHEN & WHERE

April 27 – April 30, 2019

Coex, Seoul, Korea

WHY

Improving the quality of medical care for patients through educating physicians and other medical professionals who are specialized and Interested in the field of interventional cardiology

WHO

- Interventional cardiologists
- General cardiologists and other physicians who are interested in cardiology and vascular medicine
- Radiologists
- Basic scientists
- Vascular medicine specialists
- Vascular surgeons
- Cardiac surgeons
- Interventional pediatricians
- Nurses and technologists
- Other healthcare professionals with special interest in the interventional vascular therapy and medicine

TRAINING PROGRAMS & ON-LINE LEARNING SITE

ACT PROGRAM

- The [Asan Medical Center Interventional Cardiology Training Program](#) (ACT Program) is an intensive four days learning course for those who are interested in developing further training in interventional cardiology. Participants can learn Left Main and Bifurcation, Imaging, and other treatment options of interventional cardiology by state of the art lectures featuring invited guests, live case demonstrations, and hands on experience, and dynamic discussion during the procedure.
- To check the class schedule and other information on registration, accommodations, and agenda, please visit www.cvrf.org/act

FELLOWSHIP TRAINING PROGRAM

- This program has been developed in cooperation with the Heart Institute of Asan Medical Center, Korea. International and Korean fellows and young interventionists are eligible to apply for this short-term or long-term training program.
- During the training period, each individual is able to enhance techniques, knowledge and experience with current techniques by observing performances of different procedures and audiovisual education lectures. For more information, please visit website, www.cvrf.org
- Contact Information
Training Division (ACT Training & Fellowship)
Hyerin Yoon | yuyun@summitmd.com

ON-LINE LEARNING SITE: www.summitMD.com

- CVRF runs the on-line learning site to provide thousands of presentation slides, lectures, and live interview videos from CVRF's meetings, including CardioVascular Summit-TCTAP, AP VALVES and Complex PCI: Make it Simple.
