

ABSTRACT SUBMISSION GUIDELINES

1. General Information

Submission Deadline

- Submission is only available online at <https://submission.summitmd.com/login.php?iid=43>
- Submission closes on **November 18 (Fri), 2022**. 11:59:59 PM KST(UTC +9). Please complete the submission before the deadline.

ID/Password for Submission

- To submit an abstract, you must join www.summitmd.com first. If you haven't signed up yet, please make sure to join summitMD before the submission.
- You are advised **NOT** to use Hotmail account for your ID as it blocks emails from us. If you use Hotmail account, you may not be able to receive important notifications including acceptance letter, invitation and further information about the presentation.
- If you forgot either your user ID (email address) /Password, click "Forgot Your Password?" to reset the password.

2. Title

- The title of abstract should be within 300 bytes.
- It should be concise and specific, containing no abbreviations and indicating the nature of the investigation.
- **Please capitalize your title in proper APA style before the submission.**

Convert your title [here](#) to APA style and manually revise afterward.

*ex) A Challenging Case Report: Instant Coronary Intervention **in a Female Before** Kidney Transplant*

3. Author(s)

- The designation of single presenter is required to complete a submission.
- First author, presenter and co-author(s) can be the same person.
- Each Author's information must be completed for submission. **Be sure to proofread carefully** as the authors' information will be included in a JACC online supplement as well as e-poster uploaded onto the official website.
- **Once you submit your case, a confirmation email will be sent to you (submitter). If your abstract is accepted, designated presenter will receive further notification emails for presentation, and the submitter will receive emails for the JACC issue; Make sure all the contact information is correct.**

4. Categories

- Abstracts should involve the following disciplines in the field of cardiovascular medicine and intervention.
- Select one category that is closest to the subject of your abstract.
- If the category does not match the subject of the abstract, you may receive a low score from the reviewers.

CORONARY

Acute Coronary Syndromes (STEMI, NSTEMI-ACS)
Adjunctive Procedures (Thrombectomy, Atherectomy, Special Balloons)
Bifurcation/Left Main Diseases and Intervention
Cardiac Surgery/Hybrid Revascularization
Chronic Total Occlusion
Complex and Higher Risk Procedures for Indicated Patients (CHIP)
Complications
Drug-Eluting Balloons
Hemodynamic Support and Cardiogenic Shock
Pharmacology/Pharmacotherapy
Stents (Bare-metal, Drug-eluting)

ENDOVASCULAR

Aorta Disease and Intervention
Carotid & Neurovascular Intervention
Complications
Hypertension Therapies and Renal Denervation
Peripheral Vascular Disease and Intervention

IMAGING AND PHYSIOLOGIC LESION ASSESSMENT

Imaging: Intravascular

Imaging: Non-Invasive

Physiologic Lesion Assessment

Vulnerable Plaque

STRUCTURAL HEART DISEASE

Congenital Heart Disease (ASD, PDA, PFO, VSD)

Hypertrophic Obstructive Cardiomyopathy

Left Atrial Appendage Closure

Pulmonary Intervention: CTEPH, PHTN

Valvular Intervention: Aortic

Valvular Intervention: Mitral or Tricuspid

Others (Structural Heart Disease)

OTHER

Basic Science, Animal Models and Preclinical Studies

Cell Therapy and Angiogenesis

Diabetes

Genomics/Proteomics

Innovative Devices and Futuristic Therapies

Pre-Clinical/First In-Human Studies

Quality, Guidelines and Appropriateness Criteria

Renal Insufficiency and Contrast Nephropathy

Vascular Access (Transradial)

Women's Health Issues

Others (Unclassified)

5. Content

Basic info / Requirements

- Abstracts must be submitted in English.
- Abstracts consist of 4 sections: Background, Methods, Results, and Conclusion.
Each section is required to contain min 150 char / Max 2200 char (approx. 300-350 words).
- **If you are to upload the image extracted from a video, please upload its original video together:** The video will be used for the review and the images will be included on the JACC supplement. Please note that insufficient files may affect the review or JACC supplement negatively.

Check Before You Submit,

- Abstracts may be entered directly into the site or copied and pasted, however, be sure to check again whether the special characters or symbols are not broken.
- You can copy and paste an existing Excel table or create a new table using the provided system tools, however, be sure to check again whether the special characters or symbols are not broken.
- Spaces are included.
- Use zeros before decimal points: 0.05, not .05.
- Use decimal points, not commas: 0.05, not 0,05.
- Use lowercase "p" values ($p < 0.05$).
- Provide a manufacturer name and location in parentheses for all brand or trade names.
- Never use the underline feature to denote the following symbols: \pm , \leq , \geq .
- Use space between numbers and symbols. (e.g., 3 ± 4 , not 3 ± 4 ; 3 mg, not 3mg).
- All measurements must include unit of measure (e.g., systolic blood pressure "140 mmHg", not just "140").
- For brand drugs, include generic names in parentheses.
- Do not include references, credits, or grant support.

6. Review

- All submitted abstracts will be thoroughly evaluated by official reviewers, and it will influence the allocation to two different types of sessions - *Late Breaking Clinical Trials Session* and *Abstract Presentation Session*.

7. Acceptance Notification

- The presenters of the accepted abstracts will be notified in late December, 2022.
- After the notification, presenters will be informed of their presentation date and time with specific guidelines for session.

8. Presentation

- Accepted abstracts will be allocated to 1) *Late Breaking Clinical Trials Session* or 2) *Moderated Oral Abstract Competition* 3) *E-Poster Presentation(Online Only)* based on the scores assigned by official reviewers.
- **All accepted abstracts will be published in the online supplement of the Journal of the American College of Cardiology (JACC).**

✂ **For all types of presentation, presenters are required to submit a presentation Powerpoint file.**

Session Type

1) Late Breaking Clinical Trials Session

- Abstracts containing novel findings that may improve current practices will be presented at this session.
- Studies that have been published before will be excluded.
- All the presenters in LBCT session will get a cash prize.
- LBCT will be featured in a *TCTAP's Daily News* as well as published in *an online supplement of 'The Journal of the American College of Cardiology(JACC)'*.

2) Moderated Oral Abstract Competition

- This competition session will be led by prestigious moderators and panelists.
- The best presenter who gets the highest score from the moderators and panelists will get a cash prize.

3) E-Poster Presentation (Online PPT Presentation : E-Science Station)

- Abstracts assigned to the E-Poster Presentation will be uploaded on E-Science Station, TCTAP website.
- Presenters do not present their abstract on site, but PPT file with audio will be posted online.

* Benefits for All Presenters:

- An advantage on applying for the Best Young Scientist Award.
- **All selected abstracts will be published in an online supplement of The Journal of the American College of Cardiology (JACC).**
- Free attendance to TCTAP 2023.

9. Withdrawal

- Before December 2 (Fri), 2022, you may log in and withdraw your submission at any time.
- After December 2 (Fri), 2022, please email at submission@summitmd.com with your submission number and title to request withdrawal.
- A request for withdrawal must be made by March 17 (Fri), 2022.

10. No Show Policy

- When you are unable to give a presentation, please notify the secretariat in advance via email at submission@summitmd.com. If the presenter fails to show up or send a replacement without any notification, it may affect the acceptance of Call for Science in the future conferences.

11. Copyright Information

When abstracts are submitted, we assume that the authors grant copyright to the Congress Organization for publication on the website www.summit-tctap.com and summitmd.com. By submitting an abstract for the conference, the presenter verifies that the abstract's content and its conclusion should not have been published in any other meeting before our meeting.

12. Assistance

If you need help with your submission, please contact us at **+82 2 3010 4799** or email submission@summitmd.com.
