29th TCTAP2024

Coronary Intervention
Endovascular Intervention
Structural Heart Intervention

April 25-28, 2024

Songdo Convensia
Incheon, Korea

Call for Submission
~ November 3, 2023

Meeting Information

What TCTAP can provide

- Examine the latest clinical investigations that provide guidance for the optimal management of patients with Coronary and Structural Heart Disease.
- Grasp the most sophisticated interventional techniques and devices associated with patient care in the Coronary, Endovascular, and Structural Heart Disease.
- Compare all applicable approaches to treat the same type of lesion, and suggest ideal treatment options for patients in clinical practice.
- Review challenging cases and abstracts submitted worldwide and learn numerous treatment strategies from the discussion with highly renowned experts.
- Integrate adjunctive pharmacologic management in treating patients with cardiovascular disease and patients who underwent intervention therapies.

Who attends TCTAP

- Interventional cardiologists
- General cardiologists
- Physicians interested in cardiology and vascular medicine
- Radiologists
- Basic scientists
- Vascular medicine specialists
- Vascular surgeons
- Cardiac surgeons
- Interventional pediatricians
- Nurses and technologists
- Other healthcare professionals with a special interest in interventional vascular therapy and medicine

Who supports TCTAP

TCTAP is organized by the CardioVascular Research Foundation (CVRF), supported by the Heart Institute of Asan Medical Center (Seoul, Korea) and partially funded by Incheon Metropolitan City & Incheon Tourism Organization, and educational grants from commercial supporters.

The CardioVascular Research Foundation wishes to extend special appreciation to Clinical Research Center for Ischemic Heart Disease for their continued support to our programs.

Special Events

TCTAP Award "The Master of the Masters"

This honorary award will be presented to one of the greatest masters who has played a significant leading role in the field of interventional cardiology as well as in the growth of TCTAP over the years. Meet the 14th Master of the Masters at the Main Arena face-to-face and enjoy the special lecture.

TCTAP Award "The Best Young Scientist Award"

Since 2013, the Best Young Scientist Award has been bestowed to the new generation of mid-level clinical investigators to acknowledge their academic excellence and support their ongoing dedication to the field. Find out who the next winner will be at TCTAP!

TCTAP Wrap-up Interviews

Moderated wrap-up interview sessions will be running at the studio joined by the world's leading experts in the field of interventional cardiology. Through the in-depth discussion, the experts will share their comprehensive knowledge and give professional advice on the key topics.

Program

Program Highlights

Live Case Demonstrations by Renowned Expert Groups Transmitted from Globally Reputed Medical Centers

The live case sites will be announced soon...

Partnership Sessions with International Societies and Meetings

Jointly organized by global interventional societies from the USA, Japan, Europe, China, Hong Kong, Singapore, Taiwan, Thailand, Malaysia, Indonesia, and more.

Hot Topic Sessions

Highlights the most recent and hottest issues prevalent in the field of interventional cardiology with experts' lectures and discussions.

Late-Breaking Clinical Trials 2024 in Asia-Pacific and All About New Data from Asan Medical Center

The most influential and cutting-edge cardiovascular research for the year 2024.

Hands-on Training Center

Hands-on training sessions including case-based learning workshops, simulations, and didactic tutorials.

TCTAP Workshop

Intensive one-day workshop sessions with a comprehensive overview of basic concepts to the latest updates on Coronary, Endovascular, and Structural Heart Intervention.

Abstract & Case Competition Sessions

Competition sessions for accepted abstracts and cases with the expert's focus review.

Satellite Symposia

Breakfast Meetings, Lunchtime Activities, and Evening Symposia with industry supporters.

The 27th KCTA Symposium

The Annual Conference for Korean Cardiovascular Nurse & Technologist Joint Program with TCTAP, co-organized by the Korea Cardiovascular Technology Association (KCTA).
